The final report submitted is in line with the obligations as stated in Article II.2.3 of the Grant Agreement:

The attached report represents an accurate description of the work carried out in this project for the last reporting period as well as for the whole duration of the project;

For the last period, the project (*tick as appropriate*):

- has fully achieved its objectives and technical goals; has achieved most of its objectives and technical goals for the period with relatively minor deviations³;
- has failed to achieve critical objectives and/or is not at all on schedule³.

For the whole duration of the project, the project (*tick as appropriate*):

- has fully achieved its objectives and technical goals;
- has achieved most of its objectives and technical goals with relatively minor deviations³;
- has failed to achieve critical objectives and/or is not at all on schedule³.

The public project website <address>⁴ is up to date.

To my best knowledge, the financial statements which are being submitted as part of this final report are in line with the actual work carried out and are consistent with the report on the resources used for the project (section 7) and if applicable with the certificate on financial statement.

All participants, in particular non-profit public bodies, secondary and higher education establishments, research organisations and SMEs, have declared to have verified their legal status. Any changes or deviations have been reported under section 6 (Project Management) in accordance with Article II.3.f of the Grant Agreement.

Please outline how the project outputs have/will have the potential to be rapidly and broadly spread and taken up within the scientific/industrial community and healthcare professionals.

1.7. Lessons learned and further opportunities for research

Please indicate how the collaboration in a public private partnership (PPP) has been an added value to achieve the objectives of the project.

4. Summary of project - outputs

Please report on the progress and achievements that your project has reached so far towards relevant IMI objectives by filling the web form “Summary of project outputs” available in the IMI-owned on-line application SOFIA.

The Summary of project outputs must be submitted together with each periodic report as well as the final report at each submission deadline. This information will help to feed Key Performance Indicators (KPIs) identified as critical for overall success of IMI. The replies for individual project will not be made public, but IMI may share aggregate information in an anonymised way.

To perform the reporting please log in to SOFIA <https://sofia.imi.europa.eu/Pages/default.aspx> and go to “My Workspace” => “Overview of Project Outputs”. Once filled in, an automatic pdf is created that must be annexed to the periodic report and final report.

More detailed information as well as guidance tools are available in SOFIA’s “Overview of Project Outputs” page.
