

Dr. Eva Batista

IMI States Representatives Group

Dr. Eva Batista represents Slovenia in the IMI States Representatives Group since May 2017.

Eva has been working since 2016 as the Senior Advisor at the Ministry of Education, Science and Sport, Slovenia (MIZS). MIZS is active in the field of international and European cooperation, by establishing the network for National Contact Points, through the Programme Committee membership and by participating in ERA-NETs and CSAs, as well as in JPIs in accordance with strategic orientation.

Eva is also a National Contact Point of Horizon 2020 for “Health, Demographic Change and Wellbeing” and a national representative in the European Commission’s Programme Committee for the before-mentioned societal challenge.

Fields of expertise

- Doctoral degree in Ethnology, Social and Cultural Anthropology, University of Ljubljana, Slovenia
- Project manager of four ERA-NET Cofunds in the field of “Health, Demographic Change and Wellbeing”, including TRANSCAN-2, ERA-CVD, ERACoSysMed and ERA PerMed
- National representative in the International Consortium for Personalised Medicine
- Implementing communication and dissemination activities in the ERA-NETs and CSA NCPs CaRE (network for National Contact Points for Societal Challenge 5), also as a Work package leader in TRANSCAN-2
