SPEAKER BIO

Carlos Díaz

**CEO
SYNAPSE Research Management Partners.
S.L**

University degree in Economy and Business Administration (Extraordinary Award by the Autonomous University of Barcelona, Spain). Over 25 years of experience managing complex international projects at the National Microelectronics Centre, Municipal Institute of Medical Research, Fundació IMIM and the Centre for Environmental Epidemiology in Barcelona, of which he was Managing Director. Since 2008, founder & CEO of Synapse, a company specialized in the high-quality management of complex research and development projects in the health sector, with extensive track record on research projects that are highly innovative, large, distributed and internationally oriented, with broad expertise in initiatives supported by the European Commission and the Innovative Medicines Initiative. In H2020, Synapse ranked as #1 SME in the Health area.

He has wide experience on developing procedures for efficient technical performance, evaluation methods, data and knowledge management, design and validation of software, stakeholder analysis and business planning. He is currently leading the project management activities in numerous IMI JU initiatives including eTRANSAFE, EHDEN, ERA4TB and NEURONET, in which he also acts as Project Coordinator.
