Webinar on IMI 2 – Call 18
'Improving patient access, understanding, and adherence to healthcare information: an integrated digital health information project'

Participant list

21.06.2019

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Ahmed	Alfaar	Charite	Germany	ahmadsfar@gmail.com	Patients care, Informatics, Networking
Guillaume	Arras	Institut Curie	France	guillaume.arras@curie.fr	Evaluation of digital technology solution
Mahmood	Ayaz	University of Oslo	Norway	mahmood.ayaz@medisin.uio.no	I am EU advisor and would bring in expertise on EU rules and regulations, proposal development and project management
Kyra	Borchhardt	Startup in telemedicine	Austria	kyra.borchhardt@gmail.com	Expertise in telemedicine
Marta	Burgos Gonzalez	ASOCIACION PARKINSON MADRID	Spain	proyectos@parkinsonmadrid.org	End user needs, co- creation, patients empowement, mock ups and prototype validation. Patients, caregivers and social health pro
Claudio	Calcaterra	Università d'Annunzio	Italy	kalcla70@gmail.com	I would bring the coordination of university departments to the project
Massimo	Caprino	CASA DI CURA DEL POLICLINICO	Italy	m.caprino@ccppdezza.it	Multidimentional patients' profiles
Louise	Coghlin	Patient Information Forum	United Kingdom	louise.coghlin@btinternet.com	Long-standing expertise in championing/facilitating the development/delivery of high-quality consumer health information

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Andreas	Dam	Daman	Denmark	andreas.dam@damandigital.com	Digital health expertise, behavioral design for adherence, gamification, co-creation, patient communication, empowerment concept
Marieke	De Bruin	Copenhagen Centre for Regulatory Science	Denmark	marieke.debruin@sund.ku.dk	regulatory science, health communication, epidemiology, RWD/RWE, effectiveness of risk minimisation
Renata	De Maria	Fondazione Don Carlo Gnocchi		renata_de_maria@hotmail.com	rehabilitation network
Richard	Dobson			richard.j.dobson@kcl.ac.uk	Group responsible for platform dev for projects such as RADAR-CNS and BigData@Heart
Jason	Donohue	iPropeller nv/sa	Belgium	jason@i-propeller.com	Expertise in co-creation and implementation of innovative patient interventions, leveraging social and behavioural sciences
Stuart	Faulkner	oxford university	United Kingdom	stuart.faulkner@phc.ox.ac.uk	previous IMI experience ADAPTSMART and current PARADIGM project, patient engagement, healthcare solutions
Christopher	Fiebig	Oevermann Networks GmbH	Germany	c.fiebig@oevermann.de	Medical Software Services, Medical APPS, Big Data and Hosting, Analytics, ML, KI, Telemedicine, experts for Digital Healthcare
Astrid	Flandorfer	FFG	Austria	astrid.flandorfer@ffg.at	...
Pauline	Foucher	GIRP		p.foucher@girp.eu	Access to patients through pharmacies network
Eveline	Fräßdorf	Charité	Germany	eveline.fraessdorf@charite.de	expertise project management

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Elisabeth	Füssl		Austria	elisabeth.fuessl@factum.at	Behaviour change, qualitative research methods, user centred approaches
Matteo	Gabetta	BIOMERIS	Italy	matteo.gabetta@biomeris.it	i2b2, OMOPO/OHDSI, Data integration, Data harmonization, ETL, Natural Language Processing, NLP, Wearable Sensors, REDCap
Katarina	Gvozdanovic	Croatian Agency for Medicinal Products and Medical Devices	Croatia	katarina.gvozdanovic@halmed.hr	Regulatory expert with extensive (project) experience in pharmacovigilance, education and health data management and utilization
Rob	Heerdink	Utrecht University	Netherlands	e.r.heerdink@uu.nl	Pharmacoepidemiology, clinical research, health information research
Sabina	Heuss			sabina.heuss@fhnw.ch	Research
Angelica	Intini	CVBF	Italy	scientificsecretariat@teddynetwork.net	Paediatric expertise
Ivett	Jakab	Syreon Research Institute	Hungary	ivett.jakab@syreon.eu	Transferability of results for the Central Eastern European (CEE) region, Patient representation and involvement from CEE
Irene	Kanter-Schlifke	Lygature	Netherlands	irene.kanterschlifke@lygature.org	Partnership management, incl patient engagement
Marcin	Kautsch	Dane-i-Analizy	Poland	mxkautsc@wp.pl	Experience in international project (7 multinational EU funded). 1 of them was on e-health. Work 4 healthcare 4 a long time.

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Frank	Kischkel	TherapySelect Dr. Frank Kischkel	Germany	frank.kischkel@therapyselect.de	Cancer Diagnostics, E-Health
Andrea	Koppitz	Zurich University of Applied Science	Switzerland	kopp@zhaw.ch	Nursing expertise, applied research expertise, primary care expertise, patient education
Sándor	Kovács	Syreon Research Institute (SRI)	Hungary	sandor.kovacs@syreon.eu	SRI focuses on the area of transferability of healthcare related research findings into Central and Eastern European environment
Beatriz	Laranjeiro	BMD Software	Portugal	beatrizlaranjeiro@bmd-software.com	Open source software, DevOps, Portuguese drug SPCs solutions, Drug interactions, Data analytics
Florian	Liberatore	Zurich University of Applied Sciences	Switzerland	drev@zhaw.ch	Research Methods & Knowhow in the area of patient behavior and Social Marketing
Mathieu	Lions			mlions@dynergie.com	Innovation potential assessement and route to market studies and deployment; Maximising the impact of the solution
Jose	Martinez	MeaningCloud	Spain	jmartinez@meaningcloud.com	Expertise in analyzing unstructured data to extract relevant insights for patients and doctors
Paloma	Martínez	Universidad Carlos III de Madrid	Spain	pmf@inf.uc3m.es	Expertise in natural language processing in biomedical domain, drug-drug interactions
Ezequiel	Mas Del Molino	Barcelona Supercomputing Center	Spain	ezequiel.masdelmolino@bsc.es	Supercomputing and Biomedical expertise
Kerli	Metsla	Tallinn University of Technology	Estonia	kerli.metsla@taltech.ee	Researchers who played the leading role in creating Estonian nation-wide Health Information Exchange platform and patient portal

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Anne	Moen	University of Oslo	Norway	anne.moen@medisin.uio.no	research experiences from project seeking to empower patients/citizens by active use of health info
Rebecca	Moore	European Institute of Women's Health	Ireland	moorerm@tcd.ie	Gender equity, public health, health promotion, health equality, women's health, Research, advocacy, communications
Lourdes	Moreno	UNIVERSIDAD CARLOS III DE MADRID	Spain	lmoreno@inf.uc3m.es	ICT ACCESSIBILITY, USER EXPERIENCE AND USABLE USER INTERFACES, PLAIN LANGUAGE, EASY TO READ, IMPROVING THE UNDERSTANDABILITY
Begonya	Nafria Escalera	Sant Joan de Déu Children's Hospital	Spain	bnafria@sjdhospitalbarcelona.org	Expertise in patients involvement
Catarina	Neves	CINTESIS - Center for Health Technology and Services Research	Portugal	catarinamneves@med.up.pt	CINTESIS is a research unit with a health research scope (www.cintesis.eu) at the Faculty of Medicine of the UPorto.
Romin	Pajouheshnia	Utrecht University	Netherlands	r.pajouheshnia@uu.nl	Post-doctoral pharmacoepidemiologist; expertise in methods for EHR data research; collaboration with pharmacists
Paul	Peeters			paul.peeters@modisbelgium.be	life sciences consultants experienced in drug development, product marketing and patient care
Jessica	Pehlke-Milde	ZHAW	Switzerland	pehl@zhaw.ch	Prof. of Midwifery, Research topics: Womens Health, Diversity, Digital Health Literacy
Loreto	Pérez	GeneticAI	Spain	lperez@geneticai.com	Our main expertise includes data analysis and the creation of predictive models based on these data
Hannes	Perko	AIT Austrian Institute of Technology GmbH	Austria	hannes.perko@ait.ac.at	IT providing access to medical data for patients in the cardiology and neurology domain. Experts for medical software/data.

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Paula	Petrone	Health Catalyst	Spain	petronepau@healthcatalyst.com	Clinical data warehouse & infrastructure, real world evidence from 120M+ patients, data science and health informatics expertise
Angela	Ponce Polo	Andalusian Network for Design And Traslation of Advanced Therapies	Spain	angela.ponce@juntadeandalucia.es	Preclinical expertise, clinical development, GMP manufacturing, regulatory, exploitation and dissemination
Jochen	Rauch	Fraunhofer IBMT	Germany	jochen.rauch@ibmt.fraunhofer.de	ICT solutions for e-health, personal health systems, semantic biomedical data integration, biobanking, clinical cancer research
Augusto	Ruggeri	Nexid Srl	Italy	a.ruggeri@nexid.it	Ontology driven data integration, harmonization and disambiguation graph technologies
Caroline	Sage	Modis	Belgium	caroline.sage@modisbelgium.be	project management, business case development, sustainability thinking, project dissemination, stakeholder management
Stefanie	Schütte	ARTTIC	France	schutte@arttic.eu	Project management, communication and dissemination
Vishal	Sharma	TappingToad Ltd	United Kingdom	vishal@tappingtoad.com	We are building suite of scalable cloud-based services for real-time patient monitoring and alerting.
Elise	Siegert	Charité Universitätsmedizin Berlin	Germany	elise.siegert@charite.de	expertise in rheumatology with focus on rare diseases, European partner network, close contact to patient organizations
Sorin	Stircu	E*HealthLine	Ireland	sorin.stircu@ehealthline.com	Our platform provides standardized HRQOL and PROs that can be used as primary endpoints in cancer clinical trials.

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Valentina	Strammiello	European Patients' Forum	Belgium	valentina.strammiello@eu-patient.eu	Patient perspective and facilitation of patient engagement
Frédérique	Thonon		France	studymanager.proqol@gmail.com	We are specialized in the development of Patient-Reported Outcomes and measures of Quality of Life for various pathologies
Eva	Turk	USN	Norway	eva.turk@usn.no	systems thinking
D.B.R.K. Gupta	Udatha	Oslo Cancer Cluster	Norway	gupta.udatha@oslocancercluster.no	Cluster Network, SME Innovation, Academic and Clinician Groups, Event Management, Communication, Dissemination, Exploitation
Mariangela	Vanalli	Nexid Srl	Italy	m.vanalli@nexid.it	Ontology driven data integration, harmonization and disambiguation graph technologies
Carlos A	Velasco	Fraunhofer	Germany	carlos.velasco@fit.fraunhofer.de	Participation to e-health intntl. research projects. Development of interoperable data exchange/patient empowerment platforms.
Filipa	Ventura	Health Sciences Research Unit: Nursing	Portugal	filipa.ventura@esenfc.pt	Expertise in health literacy, self-management and empowerment of people undergoing treatment for cancer
Alessandra	Veronese		Italy	veronal2710@gmail.com	Strong knowledge of drugs and medical devices development, long term experience as caregiver for Parkinson and Cancer patients.
Lena	Wiese	L3S Research Center / Fraunhofer ITEM	Germany	wiese@l3s.de	Computer Science, Artificial Intelligence
John	Winistoerfer	SENACA AG	Switzerland	j.winistoerfer@senaca.ch	Currently preparing a large international CRT for clinical proof-of-concept of digital therapeutic

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Marie-Alix	Wizenberg	TappingToad Ltd	United Kingdom	maw@tappingtoad.com	We are building suite of scalable cloud-based services for real-time patient monitoring and alerting.
Emre	Yorgancıgil	Yeditepe University	Turkey	emreyorgancigil91@gmail.com	a new look on data management in health sciences
