

Webinar on IMI 2 – Call 18

‘Health Outcomes Observatories: Empower Patients with tools to measure their Outcomes in a standardised manner creating transparency of Health Outcomes’

Participant list

17.06.2019

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Kevin	Airey	Mylan UK	United Kingdom	kevin.airey@mylan.co.uk	Regulatory, partner in the IMI ePI initiative so gathering information, awareness
Ahmed	Alfaar	Charite	Germany	ahmadsfar@gmail.com	Patients care, Informatics, Networking
Guillaume	Arras	Institut Curie	France	guillaume.arras@curie.fr	Provide our application for web/smartphone oriented in patient journey (myCurie) used by 6,500 patients and add new features
Claudio	Calcaterra	Università d'Annunzio	Italy	kalcla70@gmail.com	I would bring the coordination of university departments to the project
Massimo	Caprino	Casa di Cura del Policlinico	Italy	M.Caprino@Ccppedezza.lt	Clinical pathways addressing continuity of care which need of a great dose of Patients Empowerment
Olivier	Chassany	Patient-Centered Outcomes Research, University Paris-Diderot	France	olivier.chassany@aphp.fr	Expertise in PRO from concept elicitation, questionnaire validation to results interpretation
Birgit	Christensen	AUH	Denmark	bc@au.dk	xx

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Andreas	Dam	Daman	Denmark	andreas.dam@damandigital.com	Digital health expertise, building digital PRO tools, strong experience in co-creation methodology, behavioural design
Renata	De Maria	Fondazione on Carlo Gnocchi	Italy	renata_de_maria@hotmail.com	rehabilitation network
Gianni	D'Errico	Fondazione Toscana Life Sciences	Italy	g.derrico@toscanalifescienze.org	Life Sciences Research
Richard	Dobson		United Kingdom	richard.j.dobson@kcl.ac.uk	Medical bioinformatics
Jason	Donohue	iPropeller nv/sa	Belgium	jason@i-propeller.com	Expertise in co-creation and implementation of innovative patient interventions, leveraging social and behavioural sciences
Stuart	Faulkner	Oxford university	United Kingdom	stuart.faulkner@phc.ox.ac.uk	previous IMI experience ADAPTSMAART and current PARADIGM project, patient engagement, healthcare solutions
Felix	Fischer	Charite Universitätsmedizin Berlin	Germany	felix.fischer@charite.de	Expert regarding generic and disease specific PRO development and application
Astrid	Flandorfer	FFG	Austria	astrid.flandorfer@ffg.at	

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Amos	Folarin	King's College London, NHS and University College London	United Kingdom	amos.folarin@kcl.ac.uk	Experience from RADAR-CNS, my principal responsibilities are for the www.radar-base.org data collection platform
Michael	Forstner	Primevigilance	Switzerland	michael.forstner@primevigilance.com	Expertise in working with PROs, registries, RWE/RWD, pharmacovigilance (personally and in my group)
Pauline	Foucher	GIRP		p.foucher@girp.eu	Access to patients through pharmacies network
Elisabeth	Füssl		Austria	elisabeth.fuessl@factum.at	user centred approaches, behaviour change research, qualitative research methods
Matteo	Gabetta	BIOMERIS	Italy	matteo.gabetta@biomeris.it	i2b2, OMOPO/OHDSI, Data integration, Data harmonization, ETL, Natural Language Processing, NLP, Wearable Sensors, REDCap
Simona	Giardina	Barcelona Supercomputing Center	Spain	simona.giardina@bsc.es	Computational and Bioinformatics
Sergio	Gómez	Bahia Software	Spain	innovation@bahiasoftware.es	we are an eHealth company that is developing platforms for PROMs/PREMS monitoring

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Francisco	Gonçalves	LUZ SAUDE	Portugal	francisco.rocha.goncalves@lu zsaude.pt	Clinical Expertise, RWD management capabilities, HTA expertise
Camilla	Habre	European Patients' Forum	Belgium	camilla.habre@eu-patient.eu	Patient perspective
Christopher	Hardt	LifeGlimmer GmbH	Germany	hardt@lifeglimmer.com	Data pre-processing, standardization & integration, Machine learning, Omics analysis, Text mining, App development
Jan	Hazelzet	Erasmus MC	Netherlands	j.a.hazelzet@erasmusmc.nl	Experience with VBHC / PROMS
Sabina	Heuss	University of Applied Sciences Northwestern Switzerland	Switzerland	sabina.heuss@fhnw.ch	Research
David	Ibañez		Spain	david.ibanez@starlab.es	Experience in data analysis, machine learning, signal processing, application development, hardware and application development
Ivett	Jakab	Syreon Research Institute	Hungary	ivett.jakab@syreon.eu	Transferability to the Central-Eastern European (CEE) region, patient representation from CEE
Pall	Jonsson	NICE	United Kingdom	pall.jonsson@nice.org.uk	Previous big data projects, IMI projects, H2020 projects, Health technology

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
					assessments, regulator and payer engagements.
Marcin	Kautsch	Dane-i-Analizy	Poland	mxkautsc@wp.pl	Experience in international project (7 multinational EU funded). 1 of them was on e-health. Work 4 healthcare 4 a long time.
Susan	Kentner	German Cancer Research Center (DKFZ)	Germany	s.kentner@dkfz.de	The DKFZ Grants Office supports its scientists in applying for third-party funding and in administering projects.
Frank	Kischkel	TherapySelect Dr. Frank Kischkel	Germany	frank.kischkel@therapysselect.de	Cancer Diagnostics, E-Health
Gitte	Kjeldsen	MedTech Innovation Consortium	Denmark	gk@mtic.dk	Public Private Innovation and cooperation
Andrea	Koppitz	Zurich University of Applied Science	Switzerland	kopp@zhaw.ch	Nursing expertise, applied research expertise, primary care expertise, patient education
Julia	Kurps		Netherlands	julia@thehyve.nl	IT, Architecture, Software development
Reiner	Lehmann	DontBePatient GmbH	Germany	reiner.lehmann@dontbepatient.com	Experience in PRO/PRE /QoL measurement, App development, Patient community platform
Florian	Liberatore	Zurich University of Applied Sciences		drev@zhaw.ch	Research Methods & Knowhow in the area of patient behaviour and Social Marketing

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Núria	Machin	Synapse Research Management	Spain	nmachin@synapse-managers.com	Project Management
Luis	Magalhaes			founders@promptlyhealth.com	SME with digital solutions for Outcomes Collection and Analytics directed towards patients and clinicians
Sara	Mas	VHIR	Spain	sara.mas@vhir.org	Experience in grants management and RRI measures to design H2020 proposals
Eva	Molero	Synapse Research Management Partners	Spain	emolero@synapse-managers.com	Project Management, sustainability, dissemination
Rebecca	Moore	European Institute of Women's Health (EIWH)	Ireland	moorerm@tcd.ie	Gender equity, public health, health promotion, health equality, women's health, Research, advocacy, communications
Begonya	Nafria Escalera	Sant Joan de Déu Children's Hospital	Spain	bnafria@sjdhospitalbarcelona.org	Expertise in patients involvement
Catarina	Neves	CINTESIS - Center for Health Technology and Services Research	Portugal	catarinamneves@med.up.pt	CINTESIS is a research unit with a health research scope (www.cintesis.eu).

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Paul	Peeters			paul.peeters@modisbelgium.be	Life sciences consultants experienced in drug development, product marketing and patient care.
Hannes	Perko	AIT Austrian Institute of Technology GmbH	Austria	hannes.perko@ait.ac.at	Tools to provide access to outcomes for patients in the cardiology and neurology domain. Experts for medical software/data.
Doris	Rakoczy	AIT Austrian Institute of Technology GmbH	Austria	doris.rakoczy@ait.ac.at	Biosensors, systems integration, point-of-care devices, bioinformatics, biomarker discovery & validation, biological barriers...
Jochen	Rauch	Fraunhofer IBMT	Germany	jochen.rauch@ibmt.fraunhofer.de	ICT solutions for e-health, personal health systems, semantic biomedical data integration, biobanking, clinical cancer research.
Federica	Righi	Vall d'Hebrón Institute of Research	Spain	federica.righi@vhir.org	Implementation of PROMs in clinical pathways - Clinical expertise in cancer, IBD and diabetes.
Peter	Rijnbeek	Erasmus MC	Netherlands	p.rijnbeek@erasmusmc.nl	Expertise on OMOP CDM, OHDSI, data science. Coordinator of EHDEN project.
Matthias	Rose	Charité	Germany	rose@charite.de	Patient-reported health assessment development, work with regulatory authorities, software development.

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Augusto	Ruggeri	Nexid Srl	Italy	a.ruggeri@nexid.it	Ontology driven data integration, harmonization and disambiguation graph technologies.
Lynn	Seveke	European University Hospital Alliance	Spain	secretariat@eualliance.eu	9 leading European university hospitals.
Vishal	Sharma	TappingToad Ltd	United Kingdom	vishal@tappingtoad.com	We are building suite of scalable cloud-based services for real-time patient monitoring and alerting.
Maartje	Smulders	PrimeVigilance	United States	msmulders@pmd-int.com	Platform for patient collection, expertise in registry design and conduct, EMR/claims database analyses and expertise.
Sorin	STIRCU	E*HealthLine	Ireland	sorin.stircu@ehealthline.com	Our platform has the ability to capture the entirety of the impact of a disease and assessing the real-world effectiveness.
Caroline	Terwee	Amsterdam UMC	Netherlands	cb.terwee@vumc.nl	Patient-Reported Outcome measurement.
Frédérique	Thonon	INSERM UMR1123	France	studymanager.proqol@gmail.com	We are specialized in the development of Patient-Reported Outcomes and measures of Quality of Life for various pathologies.
D.B.R.K. Gupta	Udatha	Oslo Cancer Cluster	Norway	gupta.udatha@oslocancercluster.no	Cluster Network, SME Innovation, Academic and Clinician Groups, Event Management, Communication, Dissemination, Exploitation.

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
Paul	Vaucher	University of Applied Sciences and Arts Western Switzerland (HES-SO)	Switzerland	Paul.Vaucher@hes-so.ch	Experience in collecting data from primary care physicians using digitalised instruments. Transdisciplinary approach in IT.
Carlos A	Velasco	Fraunhofer	Germany	carlos.velasco@fit.fraunhofer.de	Experience in international e-health research projects. Development of platforms interoperable data exchange. Patient empowerment.
Alessandra	Veronese		Italy	veronal2710@gmail.com	Strong knowledge of drugs and medical devices development, long-term experience as caregiver for Parkinson and Cancer patients.
Viktor	von Wyl	Universität Zürich	Switzerland	viktor.vonwyl@uzh.ch	Methods expertise (registries, observational studies, epidemiology, participatory health research, digital health).
Gabriele	Wagner	ARTTIC	Germany	wagner@arttic.eu	ARTTIC supports projects to move from strategic plans to effective competitive research and the translation of results to the public.
Lena	Wiese	L3S Research Center / Fraunhofer ITEM	Germany	wiese@l3s.de	Computer Science, Artificial Intelligence.

Name	Surname	Organisation	Country	e-mail address	Briefly, what would you bring to the project in terms of expertise, resources, and activities?
John	Winistoerfer	SENACA	Switzerland	j.winistoerfer@senaca.ch	SENACA is a Swiss SME, currently focusing on "Digital Health for Critical Illness Survivors".
Marie-Alix	Wizenberg	TappingToad Ltd	United Kingdom	maw@tappingtoad.com	We are building suite of scalable cloud-based services for real-time patient monitoring and alerting.
